

Moving and zooming tool gallery

Illustrator provides the following tools for moving around in and controlling the view of the artboard:

 <p><i>The Hand tool (H) moves the Illustrator artboard within the illustration window.</i></p>	 <p><i>The Page tool adjusts the page grid to control where artwork appears on the printed page.</i></p>	 <p><i>The Zoom tool (Z) increases and decreases the view magnification in the illustration window.</i></p>
